

JANE MW09 / 2003

The table lamp is designed to showcase a piece of art on the pedestal. The frame is made of 1 x 2 cm tubes. The pedestal is held by 2 casted clamps. The lamp has a dimmer (40cm from the table lamp). Sand casting is a traditional process of handcrafting; characteristics are are pores and irregularities. The product is available in different materials and finishes and can be tailor-made to the needs of the customer.
