

LUCAS T55D / 2005

There is a big variety of tables possible, which includes the models T55 and T55DB. The table T55D has two levels. The lower level is at 20 cm from the floor. The table legs are made of 3 x 3 cm tubes and casted parts which clamp the glass. The glass has a thickness of 15 mm and is held by casted parts. The table is strong and can bear a lot of weight. The product is available in different materials and finishes and can be tailor-made to the needs of the customer.
